## SKILLS

### Programming

Java  
C#  
Rust  
C++  
Python

### Soft

Problem Solving  
Software Development  
Teamwork & Collaboration

### Software & Tools

Unity Editor  
Visual Studio Code  
Github

### Languages

Swedish	Fluent
English	Fluent
German	Beginner

### Other

Class B Driver's License

## PROJECTS

Read about them on my website!

### Individual

- Personal Website Website
- GPU-Based Real-Time Unity Tool  
Procedural Distribution  
of Vegetation on Procedural  
Virtual Terrains

### Group

- AquaBox Game
- PlanePanic! Game
- CozyRoads Game

## HOBBIES

Discgolf  
Hiking  
Training

## EDUCATION

📅 8/2023 - 2025  
📍 KTH Royal Institute of Technology  
MSc in Computer Science

📅 8/2020 - 6/2023  
📍 KTH Royal Institute of Technology  
BSc in Computer Science

## WORK HISTORY

📅 6/2023 - 8/2023  
📍 Megger Sweden AB  
Software Developer  
Summer Intern

- Prototyped and presented custom-ordered communication protocol implementation using Java in a group of 2.
- Implemented and integrated prototype in embedded system using Bluetooth to connect a multi-function test system to mobiles and PCs.

📅 5/2021 - 6/2021  
📍 KMteknik AB  
Installation Assistant  
Summer Intern

- Helped install and configure cameras, wireless access points, and network cabling at a smaller hotel.

📅 6/2019 - 8/2019  
📍 Österåkers Municipality  
VR Film Editor  
Summer Project

- Helped planning, recording, editing, and presenting VR film at elder care facilities together with 7 other summer interns.
- First year participant of Österåkers Municipality's project for "VR for the elderly", which has since become an in-demand cultural activity in the municipality.
